

Flex OPL

On-Premise Laundry Solutions

KEY FEATURES

- Tool-less squeeze tube changes.
- Choice of 20 or 36 oz/min. pumps
- Mix and match up to 10 pumps.
- Auto-switching electrical supply to any voltage between 90-270VAC
- Downloadable app for easy, flexible programming
- Store up to 30 formulas and up to 3 dose amounts per signal trigger
- Choice of 6 display languages
- Connectivity options with full remote access and reporting 24/7/365. Cloud-based software via 4G connection.

Simple and advanced, Knight Flex OPL Laundry solutions will benefit every facet of your laundry operations where installed, saving time, labor, and money. We fine-tuned nearly every aspect of the design to benefit your business with simplicity as a core focal point. Experience how simple things bring great benefits.

Simple to Buy -- The industry's best lead times and reduced overall cost. Simple to Install -- No special tools needed. Hassle-free din rail setup.

Simple to Maintain -- Tool-less maintenance. Change Squeeze Tubes without tools. The simple design uses many parts in common with other Knight dispensing platforms, reducing spare parts costs overall.

Simple Choices -- Two peristaltic pump sizes can be mixed and matched to suit your needs -- 20 ounce or 36 ounce output. Use up to 10 chemical pumps with up to 30 formulas. Choose from six languages for the programming menu.

Simple Data Management -- Download our PC app to create and store formulas and upload the settings for consistent programming. Then download comprehensive report data effortlessly.

Thirty chemical formulas can be stored in memory and up to three dose amounts can be controlled per each trigger signal. Robust reporting features.

ELECTRICAL -- The auto-switching power supply can be connected to any voltage between 90-270VAC and can operate up to 10 chemical pumps.

Trusted solutions — Simple. Clean. Connected.

TECHNICAL DATA

Flow Rates

BASE UNITS -- 20 oz/min (295 mL/min)
or 36 oz /min (1064 mL/min)

Electrical

90-270 VAC, 50/60 Hz; 24v-240v signal voltage

INCLUDES:

- Auto-switching Power Supply
- 6-ft Power Cord
- Remote Controller
- Install Kit

FLEX OPL PACKAGED UNITS (Peristaltic)

Model #	Description
7550003	Flex OPL3, 3 each 20 oz pumps with remote controller and SIB
7550004	Flex OPL4, 4 each 20 oz. pumps with remote controller and SIB
7550005	Flex OPL5, 5 each 20 oz. pumps with remote controller and SIB
7550006	Flex OPL6, 6 each 20 oz. pumps with remote controller and SIB
7550024	Flex OPL4 Max, 4 each 36 oz pumps with controller and SIB
7550025	Flex OPL5 Max, 5 each 36 oz pumps with controller and SIB
7550026	Flex OPL6 Max, 6 each 36 oz pumps with controller and SIB
7550028	Flex OPL8 Max, 8 each 36 oz pumps with controller and SIB

FLUSH MANIFOLD OPTIONS

Part #	Description
7550104	Flush Assembly, Flex OPL4 with Flow Switch with 1/4" barbs
7550124	Flush Assembly, Flex OPL4 with 1/4" barbs (no flow switch)
7550005	Flex OPL5, 5 each 20 oz. pumps with remote controller and SIB
7550006	Flex OPL6, 6 each 20 oz. pumps with remote controller and SIB
7550024	Flex OPL4 Max, 4 each 36 oz pumps with controller and SIB
7550025	Flex OPL5 Max, 5 each 36 oz pumps with controller and SIB
7550026	Flex OPL6 Max, 6 each 36 oz pumps with controller and SIB
7550028	Flex OPL8 Max, 8 each 36 oz pumps with controller and SIB

FEATURES

Pumps Features

- Peristaltic Pumps
- Flow rate options: 20 oz or 36 oz per minute
- Rail-mounted pumps for ease of installation
- Maximum of 10 Pumps
- Tool-less access to squeeze tubes
- Heavy duty flush manifolds available without flow switches

Programming

- Six Languages: English, Spanish, French, Dutch, Italian, German
- 30 Chemical Formulas
- Up to 3 dose amounts per trigger signal
- App available to create formulas and store data and reports
- Upload formulas, install settings, custom company logo
- Lights on SIB stay lit after receiving a trigger for troubleshooting
