

# KITCHEN & FOOD SERVICE SOLUTIONS: DRAIN & ODOR CONTROL

## Advanced drain & odor control dispensing

Trapper is the newest addition to the trusted Drain Chief line! It combines all the required features of our existing drain and odor control products with advanced, yet easy to use features such as a digital programming display, multiple chemical pump options, quick change pumps, and a quick service battery pack with low battery alerts. Trapper is easily adaptable for odor suppression and deodorizing needs, with a quick programming change and a part swap. A bracket is available for the battery version of the Trapper to attach to a five-gallon pail lid to offer a great portable option.

### Trapper Features & Benefits

- Common sense, easy to understand and digital programming
- 24/7 battery monitor with low battery warning
- Water resistant components for under counter and low wall installations
- "Plug-n-go" electrical hookup for quick and easy connect/disconnect
- Toolless quick change pump
- Fast snap mounting bracket to quickly remove/reattach unit from wall for preventative maintenance
- Easily switch between odor suppression & drain maintenance modes through simple programming
- Odor suppression mode uses a brass nozzle with configurable spray pattern for stream to mist adjustments, becoming Trapper OC

*Trapper DC with Pail Bracket*

### Trapper Pail Features & Benefits

- Portable
- Battery operated
- Easy to install
- No wall mounting required
- Fits easily under counter
- Easy to move out of the way

## Trapper Spray Version Available

- Odor Control for Trash chutes and Dumpsters
- Squeeze tubes available; EPDM Supertube (PVC) and Viton

## Fittings Available

- Plastic Compression fitting for simple drain pipe connection
- Brass spray nozzle for odor control - Adjustable stream to mist; Can be bulkhead/bracket mounted
